

# **SECURITY CELL**

The Security Cell. With its core of Volunteers who are handpicked on the basis of various qualities such as Discipline and Dedication, the security cell is charged with maintaining an environment suitable to the occasion and ensuring that any untoward event does not take place.

The core of the security cell is its volunteer corps who are led by a dedicated team of Assistant Co-Ordinators and Co-Ordinators who are chosen from amongst its rank on the basis of experience and previous performance. The cell reports directly to a select group of faculty members.

Each and every of Ramswaroop events are marked by the presence of the cell members who are present through out the venue to guide and guard the guests and the participants.

And the success of each and every event bears a silent testimony to the hard work of the security cell members.
