

MEDIA CLUB

The work of media is to flow information through masses. The media cell at SRMGPC also works on the same objective. It is divided into four sub-groups i.e. decoration, internal media, event organization and external media.

Decoration part work for all decoration activities of events. It plays creative part to present events.

Internal sub cell emphasizes on the publicity of events organized by the media cell. It includes registration of participants, making notices and informing students about the events happening in college.

External sub cell gives emphasis to press releases i.e. print media. It prepares press releases, distributes it to the various media houses and also arranges for media partners.

Last year, this sub cell had managed for thirty newspaper publications about the event ABHIVYAKTI.

Famous RJ's from our media partner RED FM like RJ Rohan and Rj Prateek have been playing the role of judges in the events organized by club.
