

# **PRIZE DISTRIBUTION CELL**

The Prize Distribution Cell is our college cell mainly active during our SRMCEM college fest 'Abhivyakti' .

Our basic target is to recognize the participants and students co-ordinating to make this fest a success. We ensure the awarding of the certificates and prizes to the winners of the respective events organized by the other college cells like Dracula (dramatics) ,Literati (literary cell), Euphony (music cell). Our main motive is to ensure timely distribution of certificates and prizes so as to motivate the students to participate and keep their spirits alive.

We basically work in the background tasks like :

- \* Designing Attractive Certificates for Abhivyakti .
- \* Preparing certificates for the Co-ordinators, Assistant Co-ordinators and Organizers of various cells contributing to the success of the fest.
- \*Co-ordinating with respected Dean Mam and Sir in the Prize Distribution ceremony on the Star Night .

Our vision to close the Three day College Fest with motivation and satisfaction amongst all by recognizing the contribution of each and every member of SRMCEM who has directly or indirectly contributed towards the Organizing of Abhivyakti.

## **This Years' Special:**

The app launch of Abhivyakti 2K16 has added to the mobility of the result – announcement strategy as from now on the participating teams can very easily

gain access to the **Live Results** that shall be updated as soon as the events results are out.
